

COASTLINE Recommendation Scheme

As a past or present Coastline pupil you qualify for our recommendation scheme. We value your custom and we hope you enjoy or have enjoyed learning to drive with our instructors and you are getting maximum benefit from your lessons. We like to think that you would be happy to recommend friends, family and peers to Coastline Driving School and perhaps to a specific instructor within the school. As a reward for this we would like to give something to you.

We have a choice of rewards which are listed below:

- A £1 discount per hour on your current lesson rate for each recommendation (recommend 5 people and you will be paying £5 per hour less!)
- A £10 voucher of your choice from the list below

Alternatively you can have a £10 voucher towards either your Pass Plus course or a £10 voucher towards a skid-pan event once you have passed your test.

The only condition that applies is that the person you recommend takes a minimum of 5 hours training.

So start earning yourself some rewards and don't forget to tell the person you are recommending to give us your name so we know who to give the rewards to!

Safe driving
